- Existing numbers that are not mentioned or numbers for which the tariff formula is not specified will be activated on Shape Light.
- The existing Business Everywhere Duo cards for which no tariff formula is specified will be activated on Business Everywhere Essential.
- The Duo cards are not compatible with Shape and will be deactivated.
- The Mobile VPN and Fax Mail services are not compatible with Shape and will be deactivated.
- Unused calling minutes, SMS and/or surfing volume cannot be carried forward to the next month.
- The unlimited calling and SMS message minutes are valid for normal use in Belgium, from Belgium to the European Union and within the European Union.
- Normal calling usage is assumed not to exceed 10,000 minutes per month and normal SMS message usage is assumed not to exceed 10,000 SMS messages per month. Orange reserves the right to limit the service, suspend and/or cancel the contract in the event of network overload or abuse (such as Simbox or baby monitor fraud).
- Normal mobile Internet usage is assumed not to exceed 320 GB per month. In the event of network congestion, abuse (including provision to third parties, commercial use, use of the SIM card for M2M services, use of the service as a hotspot or Wi-Fi) or any other use that is not in accordance with what could reasonably be expected of a customer who has a contract for mobile telephony including mobile Internet services for private and professional use, Orange reserves the right to restrict the service provided, to suspend and/or terminate the contract, and/or to take any other measures it deems necessary or useful.
- The SIM card cannot be used for a connection without human intervention, or between an industrial modem and a server (M2M communication).
